

Transform 285/400 Improvement Project

Sound Barrier Voting Results

The Georgia Department of Transportation conducted a sound barrier voting outreach process January through March 2017 for the I-285/SR 400 Interchange Reconstruction Project.

The results of the sound barrier voting outreach process to property owners and tenants benefited by the proposed sound barriers are shown in the tables below. The result column indicates the majority votes (50% plus 1) received in support of, or opposition to, each of the sound barriers. The barriers that received a majority of “yes” votes will be constructed as part of the project. Those barriers that received a majority of “no” votes will not be constructed as part of the project. Those barriers where the decision has not been finalized are shown as “pending.”

I-285

<i>Barrier</i>	<i>Result</i>
Barrier 1A	Yes
Barrier 2	Pending
Barrier 3	Yes
Barrier 5	Yes
Barrier 6	Yes
Barrier 7	Yes

SR 400

<i>Barrier</i>	<i>Result</i>
Barrier 1a/1b	Yes
Barrier 3	Yes
Barrier 4	Yes
Barrier 5A/5B	Yes
Barrier 6	Yes
Barrier 7	Yes
Barrier 8	Yes
